Dear Diner~

I just wanted to stop for a moment in my day and thank you for a great place to eat! I was in this past weekend with 3 other family members and it was the best. It was very busy, but our server did not slight us at all, and our food was up faster that I thought possible for such a busy time of day. I spent many years in the food service industry, and I know that people can be quick to let you know when you are not doing something right!

Your menu has such a large selection, and is able to please all sorts of people. Which was good, because I like wraps and pesto, and one person at our table is strictly meat and potatoes. Keep up the good work!!

Sincerely,

Louise Corti
